PROJECTS

SHOPPING COMPLEX – 4th SEMESTER.

I was able to showcase my creativity and problem-solving skills. Developed a comprehensive plan that included site analysis, concept development, space planning, and construction details. Utilized [Revit, AutoCAD, and Lumion] to create a 3D model and visualization of the complex. This experience enhanced my knowledge in architecture.

MOTEL HAVING RESTAURANT AND RECREATIONAL AREA - 3RD SEMESTER.

My responsibilities included conceptualizing and designing the layout, selecting appropriate materials and finishes, and ensuring compliance with relevant codes and regulations. Presented the design to a panel of experts and received positive feedback for the functional and aesthetic aspects of the project.
